Authority have been established and are transmitted herew Filing of amendments and statement under Article 19: The applicant is entitled, if he so wishes, to amend the clair When? The time limit for filing such amendments is not international Search Report; however, for more Where? Directly to the International Bureau of WIPO, 3	ms of the International Application (see Rule 46): rmally 2 months from the date of transmittal of the e details, see the notes on the accompanying sheet. 4 chemin des Colombettes eascimile No.: (41-22) 740.14.35
	th report will be established and that the declaration under International Searching Authority are transmitted herewith.
3. With regard to the protest against payment of (an) addition	
applicant's request to forward the texts of both the pr	nen transmitted to the International Bureau together with the rotest and the decision thereon to the designated Offices. pplicant will be notified as soon as a decision is made.
4. Reminders Shortly after the expiration of 18 months from the priority date, international Bureau. If the applicant wishes to avoid or postpon application, or of the priority claim, must reach the international before the completion of the technical preparations for international preparations.	ne publication, a notice of withdrawal of the international Bureau as provided in Rules 90 <i>bls</i> .1 and 90 <i>bls</i> .3, respectively,
The applicant may submit comments on an informal basis on the international Bureau. The international Bureau will send a copy international preliminary examination report has bean or is to be the public but not before the expiration of 30 months from the p	of such comments to all designated Offices unless an e established. These comments would also be made available to
examination must be filled if the applicant wishes to postpone th	some designated Offices, a demand for international preliminary ne entry into the national phase until 30 months from the priority t, within 20 months from the priority date, perform the prescribed Offices.
In respect of other designated Offices, the time limit of 30 month months.	ths (or later) will apply even if no demand is filed within 19
See the Annex to Form PCT/IB/301 and, for details about the a Guide, Volume II, National Chapters and the WIPO Internet sit	

### **NOTES TO FORM PCT/ISA/220**

These Notes are intended to give the basic instructions concerning the filing of amendments under srticle 19. The Notes are bassed on the requirements of the Patent Cooperation Treaty, the Regulations and the Administrative Instructions under that Treaty. In case of discrepancy between these Notes and those requirements, the latter are applicable. For more detailed information, see also the PCT Applicant's Guide, a publication of WIPO.

In these Notes, "Article", "Rule", and "Section" refer to the provisions of the PCT, the PCT Regulations and the PCT Administrative Instructions respectively.

### INSTRUCTIONS CONCERNING AMENDMENTS UNDER ARTICLE 19

The applicant has, after having received the international search report, one opportunity to amand the claims of the international application. It should however be emphasized that, since all parts of the international application (claims, description and drawings) may be amended during the international preliminary exemination procedure, there is usually no need to file amendments of the claims under Article 19 except where, e.g., the applicant wants the latter to be published for the purposes of provisional protection or has another reason for smearfulg the claims before international politication. Furthermore, it should be emphasized that provisional protection is available in some States only.

### What parts of the international application may be smended?

Under Article 19, only the claims may be amended.

During the international phase, the claims may also be amended (or further amended) under Article 34 before the International Preliminary Examining Authority. The description and drawings may only be amended under Article 34 before the International Examining Authority.

Upon entry into the national phase, all parts of the International application may be amended under Article 28 or, where applicable, Article 41.

#### When?

Within 2 months from the date of transmittel of the international search report or 15 months from the priority date, whichever time limit expires later. It should be noted, however, that the amendments will be considered as having been received on time if they are received by the International Bureau after the expiration of the applicable time limit but before the completion of the technical preparations for international publication (Rule 46.1).

### Where not to file the amendments?

The amendments may only be filed with the International Bureau and not with the receiving Office or the International Secreting Authority (Rule 46.2).

Where a demand for international preliminary examination has been its filed, see below,

#### How?

Either by cancelling one or more entire claims, by adding one or more new claims or by amending the text of one or more of the claims as filed.

A replacement sheet must be submitted for each sheet of the claims which, on account of an amendment or amendments, differs from the sheet originally filed.

All the claims appearing on a replacement sheet must be numbered in Arabic numerats. Where a claim is cancelled, no renumbering of the other claims is required. In all cases where claims are renumbered, they must be renumbered consecutively (Administrative Instructions, Section 205(b)).

The amendments must be made in the language in which the international application is to be published.

### What documents must/may accompany the amendments?

Letter (Section 205(b)):

The amendments must be submitted with a letter.

The letter will not be published with the international application and the amended claims, it should not be confused with the "Statement under Article 19(1)" (see below, under "Statement under Article 19(1)").

The letter must be in English or French, at the choice of the applicant. However, if the language of the international application is English, the letter must be in English; if the tanguage of the international application is French, the letter must be in French.

Notes to Form PCT/ISA/220 (first sheet) (January 1994)

### NOTES TO FORM PCT/ISA/220 (continued)

The letter must indicate the differences between the claims as filed and the claims as amended, it must, in particular, indicate, in connection with each claim appearing in the international application (it being understood that identical indications concerning several claims may be grouped), whether

- (i) the claim is unchanged;
- (ii) the claim is cancelled;
- (iii) the claim is new;
- (iv) the claim replaces one or more claims as filed;
- (v) the claim is the result of the division of a claim as filed.

# The following examples illustrate the manner in which amendments must be explained in the accompanying letter:

- [Where originally there were 48 claims and after amendment of some claims there are 51]:

  "Claims 1 to 29, 31, 32, 34, 35, 37 to 48 replaced by amended claims bearing the aame numbers; claims 30, 33 and 36 unchanged; new claims 49 to 51 added."
- (Where originally there were 15 claims and after amendment of all claims there are 11): "Claims 1 to 15 replaced by amended claims 1 to 11."
- [Where originally there were 14 claims and the amendments consist in cancelling some claims and in adding new claims): "Claims 1 to 6 and 14 unchanged; claims 7 to 13 cancelled; new claims 15, 16 and 17 added," or "Claims 7 to 13 cancelled; new claims 15, 16 and 17 added; all other claims unchanged."
- [Where various kinds of amendments are made]:
   \*Claims 1-10 unchanged; claims 11 to 13, 18 and 19 cencelled; claims 14, 15 and 16 replaced by amended claim 14; claim 17 subdivided into amended claims 15, 16 and 17; new claims 20 and 21 edded.\*

### "Statement under article 19(1)" (Rule 46.4)

The amendments may be accompanied by a statement explaining the amendments and indicating any impact that such amendments might have on the description and the drawings (which cannot be amended under Article 19(1)).

The statement will be published with the international application and the amended claims.

it must be in the language in which the international appplication is to be published.

It must be brief, not exceeding 500 words if in English or if translated into English.

It should not be confused with and does not replace the letter indicating the differences between the claims as filed and as amended. It must be filed on a separate sheet and must be identified as such by a heading, preferably by using the words "Statement under Article 19(1)."

It may not contain any disparaging comments on the international search report or the relevance of citations contained in that report. Reference to citations, relevant to a given claim, contained in the international search report may be made only in connection with an amendment of that claim.

#### Consequence if a demand for international preliminary examination has already been filed

If, at the time of filing any amendments under Article 19, a demand for international preliminary examination has already been submitted, the applicant must preferably, at the sems time of filing the amendments with the International Bureau, also file a copy of such amandments with the International Preliminary Examining Authority (see Bule 62.2(a), first sentence).

### Consequence with regard to translation of the international application for entry into the national phase

The applicant's attention is drawn to the fact that, where upon entry into the national phase, a translation of the claims as amended under Article 19 may have to be furnished to the designated/elected Offices, instead of, or in addition to, the translation of the claims as filed.

For further details on the requirements of each designated/steeted Office, see Volume II of the PCT Applicant's Guide.
